

Donation Offer to TIAFYE

Sommer og Smil ApS hereby offers to donate "The Little Denmark House" in Kamathatha to The International Association for Youth Empowerment (TIAFYE).

This donation also includes:

- Other assets currently present on "The Little Farm" belonging to Sommer og Smil ApS.
- Back-payments on interest-free micro-loans previously granted to individuals within the Kamathatha local community.
- Any potential financial outcome from out-of-court settlements or court rulings regarding claims against individuals or entities that have failed to meet their obligations to Sommer og Smil ApS, or those potentially involved in illicit and/or criminal activities that have caused loss or damage to Sommer og Smil ApS.

This offer is made with the intent that "The Little Denmark House" and "The Little Denmark Land" will serve their original purpose: to function as a community space dedicated to education and entrepreneurial empowerment for youth and all members of the Kamathatha School District.

This is a preliminary offer, contingent upon the formal establishment of The International Association for Youth Empowerment. Additionally, the association's board must provide a confidentiality guarantee and engage in discussions and negotiations to finalize a legally binding agreement with mutually acceptable terms and conditions. The donation will take effect upon the completion and signing of such an agreement by both parties.
