

# TALENT OASES

DEDICATED TO CO-CREATE AND SMILE

## BUY A WEB DEVELOPER FOR TWO FULL DAYS AT AN UNBELIEVABLY LOW PRICE!

### Do you need qualified digital help?

- To create your website with your own domain?
- To make a website for your business, family, or association?
- Help with graphic design – e.g. a beautiful A4 brochure or flyer

– depending on what kind of digital help you need.

Only  
**450 DKK**  
includes two  
days (15 hours)

### Why is the price so low?

Because #littledenmark in Africa trains talented Africans through digital trainee programs. And here, 450 DKK for two days is actually quite a good salary. A great deal for both you – and for him. And you don't just get a skilled African web development trainee – you also get support from his Danish mentor, who helps ensure good communication and a positive experience for both parties.
